

ENVIRONMENTAL, HEALTH AND SAFETY POLICY

Considering that environmental protection and the occupational health and safety of company employees and contract workers are necessary conditions for the sustainable development of its activities; ARAUCO has made the following commitments:

- 1. Compliance** with legislation and other agreements involving the environment, and the occupational health and safety in company activities, products and services.
- 2. Pre-establish and assess** objectives and goals in order to continuously and progressively reduce occupational health and safety risks, as well as significant environmental impacts resulting from the company's activities, products and/or services by using the best available technologies.
- 3. Prevent** accidents, work related illnesses and environmental pollution resulting from company activities, products and/or services.
- 4. Reducing** environmental impact.
- 5. Make sure** that all ARAUCO employees and contract workers receive adequate training to fulfill their obligations, and provide the means for them to work with a safe, responsible attitude towards quality, the environment and occupational health and safety.
- 6. Notify** staff, service providing companies, relevant suppliers and other interested parties of these commitments.

All personnel working at ARAUCO are responsible for complying and enforcing this Environmental and Occupational Health and Safety Policy, keeping it in mind throughout their daily decisions and demeanor at work.
